# Adaptive Cards

Adaptive Cards  
Open framework, multiple platforms

The image shows four devices displaying Adaptive Cards. On the left is a laptop showing a weather card on its desktop. Next to it is an iPhone displaying a weather card in a messaging app. To the right of the iPhone is an Android phone displaying a weather card in a messaging app. On the far right is a web browser displaying a weather card in a chat window. Each device is labeled with its platform below it.

UWP / WPF / .NET      iOS      Android      HTML

# Adaptive Cards - Teams

Flow 10:15 AM

## Publish Adaptive Card schema

**Matt Hiding**

Created Mon, Feb 13, 2017

Now that we have defined the main rules and features of the format, we need to produce a schema and publish it to GitHub. The schema will be the starting point of our reference documentation.

**Board:** Adaptive Card  
**List:** Backlog  
**Assigned to:** Matt Hiding  
**Due date:** Not set

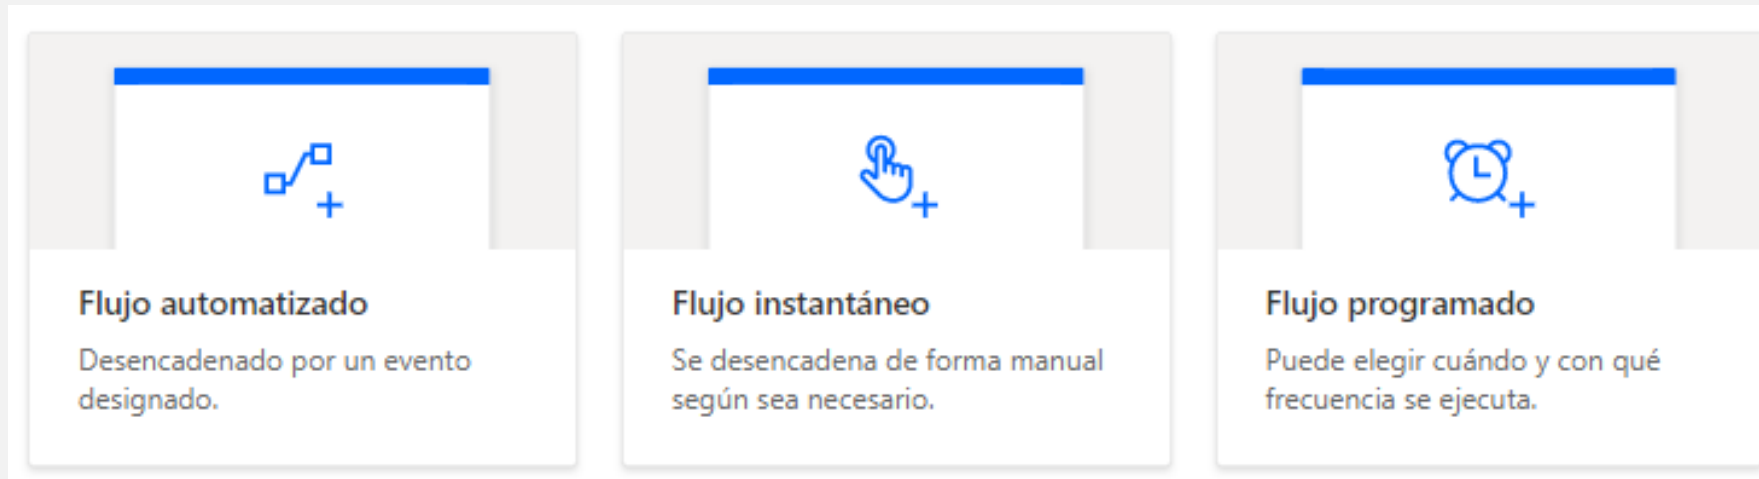

Stephen Siciliano (———@microsoft.com) used Microsoft Flow to automate this notification. [Learn more](#)
